

## Owenreagh Craignagapple Wind Farm

## Environmental Statement- ES Volume 3a

**ES Volume 3a- Table of Contents**

<b>ES Figure No.</b>	<b>ES Figure Name</b>
1.1	Site Location Plan
1.2	Site Boundary Plan
3.1	Development Layout
3.2	Comparison of the Development, Operational Wind Farms, and the Consented Wind Farm
3.3	Micrositing Area
3.4a	Indicative V136 Turbine Elevation;
3.4b	Indicative N133 Turbine Elevation
3.5	Indicative Turbine Foundation
3.6	Indicative Crane Hardstanding
3.7	Indicative External Transformer
3.8	Indicative Cable Trench Detail
3.9	Indicative Substation Compound
3.10	Indicative Substation Elevations
3.11	Indicative Substation Floor Plans;
3.12a	Indicative Primary Temporary Construction Compound
3.12b	Indicative Secondary Temporary Construction Compound
3.13	Indicative Culvert Design
3.14	Cut Track' Access Track Design
3.15	'Floating Track' Access Track Design; and,
3.16	Potential Grid Routing Options
4.1	Layout Evolutions and Comparison
8.1	Hydrological Study Area
8.2	Hydrological Catchments
8.3	Hydrological Features
8.4	Watercourse Crossings
8.5	Wetland Habitats
9.1	Superficial Geology
9.2	Bedrock Geology
9.3	Interpolated Peat Depths
12.1	Construction Noise Assessment
12.2	Operational Noise Assessment
13.1	Route to Site
13.2	Road Traffic Collision (RTC) Assessment
13.3	Traffic Count Locations
14.1	Tourism and Recreation Study Areas
15.1	Telecoms Links & Proposed NIE Power Line
