

Deemed prices for electricity, effective from 1st November 2022

Your deemed price is based on the Profile Class and Distribution Zone of each Meter Point Administration Number (MPAN). Energy prices are shown in pence per kWh, with standing charges shown in pence per day. Prices will also vary according to different meter types, and non half-hourly (NHH) or half-hourly (HH) usage. You can stop paying deemed prices by agreeing a new contract with us (subject to your credit status) or moving to another supplier. You will not be charged a termination fee, and you don't need to give us any notice in writing. If you'd like to discuss entering a contract with us, or if you have any questions, please get in touch with our commercial sales team on **0800 056 8109**.

Extra and Ultra High Voltage supplies (EHV/UHV)

If your supply is EHV or UHV* HV prices published here will apply for your consumption. However, different prices will apply for Capacity, Excess Capacity, Reactive Power and your Standing Charge. These will vary depending on what tariff you are on. Your Distribution Network Operator (DNO) will be able to tell you what these prices are. We will also give you these before your deemed contract starts.

***EHV:** Generally, any voltage over 345,000

UHV: Voltage over 800,000 volts
