

Advance Work Notice

Abnormal Load Movements

As part of our work to prepare for the installation of the Hornsea Three onshore cable, we are required to transport equipment and materials to and from our compound in Oulton. Due to the nature of our works, some of these deliveries require larger specialised vehicles called abnormal loads.

We wish to inform you of the planned abnormal load movements from our Oulton compound to the northern section of our cable route only, which are planned to pass through or near your area.

Please find overleaf three sets of schedules for our inbound and outbound abnormal load deliveries. Maps indicating their routes can also be found overleaf. The outbound abnormal loads are from our compound in Oulton to our cable route. The inbound abnormal loads pass through Holt to our compound in Oulton. We have also included additional abnormal load movements where we are required to transport machinery between sites on our cable route. These additional movements will follow the along the same routes as the outbound abnormal loads.

Unless otherwise indicated, to minimise disruption and ensure safety, we expect these abnormal load movements will be escorted by police vehicles and undertaken during off-peak hours, **Monday – Friday between 9am and 3pm.**

Please note that all our works are subject to site and weather conditions and our deliveries are dependent on agreements with Norfolk County Council and Norfolk Constabulary and are subject to change.

About us

The Ørsted vision is a world that runs entirely on green energy. Ørsted develops, constructs, and operates offshore and onshore wind farms, solar farms, energy storage facilities, renewable hydrogen and green fuels facilities, and bioenergy plants.

The Hornsea Three wind farm received development consent in December 2020. Hornsea Three, once complete, could provide clean power to over three million UK homes. It will make a significant contribution towards meeting the UK's net zero commitments and we're committed to working closely with stakeholders and local communities as we take the project forward.

Get in touch

We're committed to keeping you informed about our work. We want to be a good neighbour and try to minimise the impacts of our work on the community. If you'd like to get in touch, please email us at community@hornsea3.co.uk or call us on 0800 158 2354.

Outbound Abnormal Load Delivery Schedule

Week commencing	Number of deliveries	Timing of deliveries
5 August 2024	4	Thursday and Friday, 9am – 3pm
13 August 2024	4	Monday and Friday, 9am – 3pm
BREAK		
23 September 2024	4	9am – 3pm
30 September 2024	4	9am – 3pm
7 October 2024	4	9am – 3pm
14 October 2024	4	9am – 3pm
21 October 2024	4	9am – 3pm
28 October 2024	4	9am – 3pm

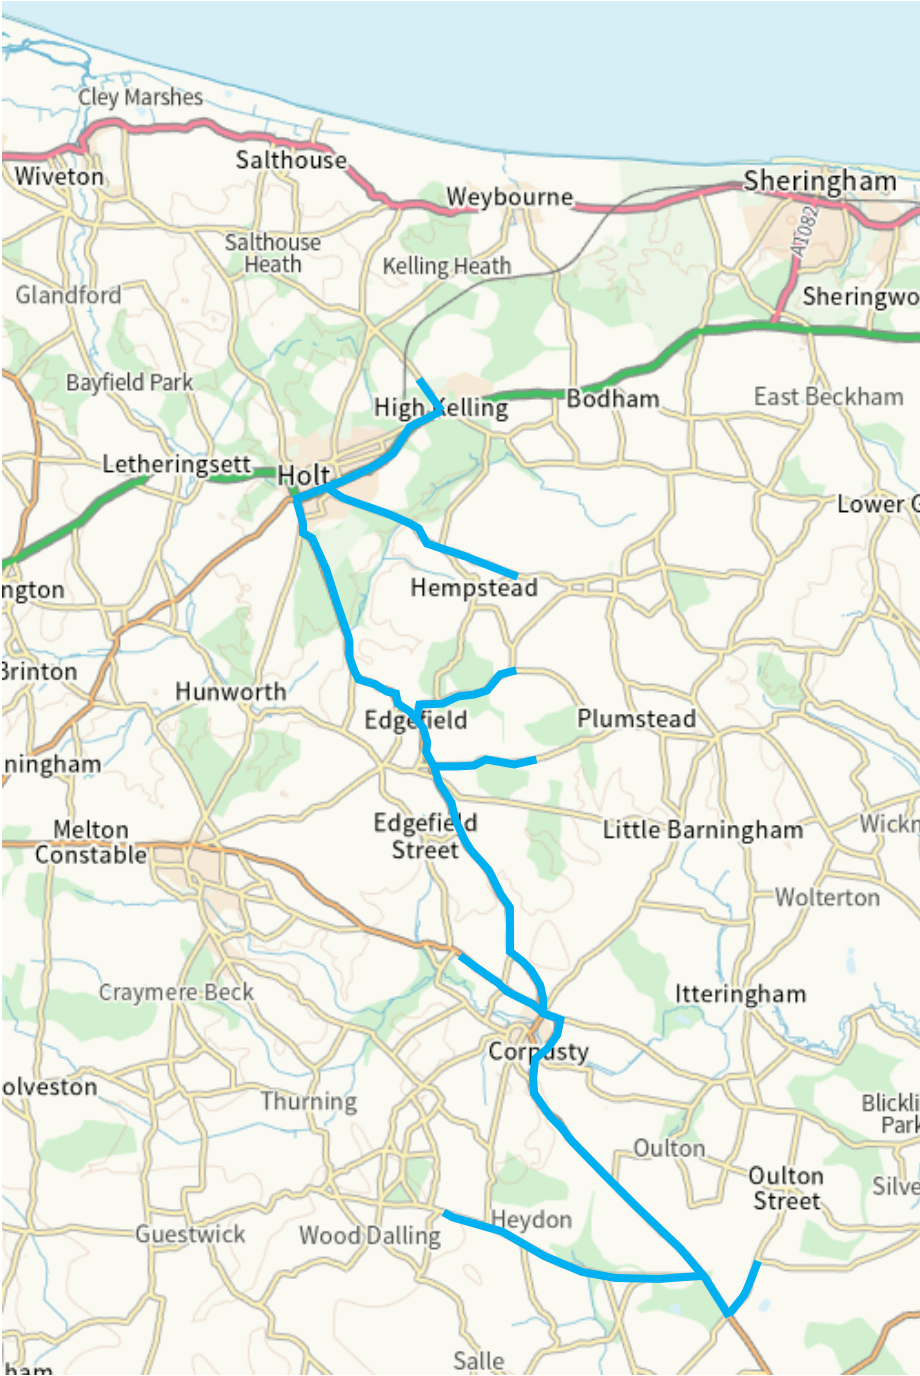

Inbound Abnormal Load Delivery Schedule

Week commencing	Number of deliveries	Timing of deliveries
19 August 2024	4	Monday and Wednesday, 9am – 3pm
26 August 2024	4	Wednesday and Thursday, 9am – 3pm

Additional Movements

Week commencing	Number of movements	Timing of movements
23 September 2024	1	9am – 10am
30 September 2024	1	9am – 10am
7 October 2024	0	N/A
14 October 2024	1	9am – 10am
21 October 2024	0	N/A
28 October 2024	0	N/A
