

Notice to Mariners

Survey Activity

Location: Block Island Wind Farm, Block Island Export Cable, Sea2Shore Cable

Date: October 9th - October 19th, 2019

Duration: 11 days

Ørsted U.S. Offshore Wind, along with National Grid, will conduct benthic surveys on the Sea2Shore cable and Block Island Export Cable. These surveys will be conducted simultaneously to reduce the amount of time on the water.

Communication:

During the survey activity, vessels will broadcast their position via VHF radio on Channel 16 to notify mariners of current activities. All mariners are requested to note the survey activity and to maintain a safe distance during fishing and marine activities.

Vessel:

R/V Able II

Vessel will transit from Block Island Town Beach to work area.

Flag: USA

LOA: 32 ft

Beam: 9 ft
