

# Notice to Mariners

## Metocean Buoy Decommission

Location: Ocean Wind lease area

F230

Pendant Buoy

**Decommission Date:** October 27th - October 28th, 2020

AXYS Technologies, through Ørsted U.S. Offshore Wind, will perform a buoy decommission operation of the pre-existing F230 Floating Lidar (FLiDAR) buoy, F230 & F220 pendant buoys, and the mooring systems for both buoys. Coordinates of the F230 buoy is 39° 04' 13.50" N 74° 26' 40.74" W long. Coordinates of the F220 pendant buoy is 39° 08.066' N 74° 09.957' W long. The buoy, pendant buoys, and mooring systems will be recovered and removed as part of the decommission operation.

### Communication:

During the buoy decommission, vessels will broadcast their position via VHF radio on Channel 16 to notify mariners of current activities. All mariners are requested to note the buoy location and to maintain a safe distance during fishing and marine activities.

### Vessel:

#### NorthStar Challenger

LOA: 96 ft

Beam: 26 ft

IMO: 8940581

Call Sign: WDG 5396
