

Staying on your radar through challenging times

At Ørsted we understand the importance of remaining available to the maritime & fishing community in order to answer questions, comments, or concerns. A large part of our outreach is done face-to-face, at meetings and out on the docks, COVID-19 has caused us all to limit physical interactions, leading us to look for ways to continue our stakeholder outreach. Starting **March 16th 2020**, Ørsted will host virtual port hours via the numbers listed below. We understand that virtual meetings are not as traditional as face-to-face interactions but during these exceptional circumstances, we are doing all we can to remain connected to the fishing industry.
