Upcoming Activities

Week of June 17, 2024

Quonset Development Corporation (along Circuit Drive, Whitecap Drive, and Burlingham Avenue)

- The contractor intends to continue excavation for the underground duct-bank between Circuit Drive and Camp Avenue.
- The contractor will be simultaneously backfilling and restoring excavated areas as they progress.

New Interconnection Station & Substation off Camp Avenue

- The contractor will continue the Pipe Piling.
- The contractor will install foundation for a structure.
- The contractor will be delivering an over-sized load to the property Tuesday evening via Camp Ave.

Please note, these installations will cause vibrations and some noise as the piles are hammered into the ground and crews will continue to enter and exit the site with increased regularity.
