

Weekly Status Report

Week of February 5th, 2024

Completed Activities

Week of January 29, 2024:

Quonset Development Corporation (along Circuit Drive, Whitecap Drive, and Burlingham Avenue)

- The contractor continued excavating for conduit at the intersection of Burlingham Avenue and Circuit Drive. There will be a partial road closure at the intersection as part of this work.
- The contractor also prepared some excavation work outside 135 Circuit Drive.

New Interconnection Station & Substation off Camp Avenue

- The contractor continued prepping the work zone by removing soil and conducting sheet piling.

Upcoming Activities

Week of February 5, 2024

Quonset Development Corporation (along Circuit Drive, Whitecap Drive, and Burlingham Avenue)

- The contractor intends to continue excavation for the underground duct-bank (Burlingham Ave) There will be a partial road closure at the intersection as part of this work.
- The contractor will be excavating for duct bank between Camp Ave and Circuit Drive.

New Interconnection Station & Substation off Camp Avenue

- The contractor will continue the installation of sheet piles at the substation site. This work will cause some noise and vibrations as the sheets are driven into the ground. Please note, crews will be entering and exiting through this new access road with increased regularity.
